

Lakshmi Sureshan

Nationality: Indian | **Gender:** Female | **Phone number:** (+971) 554899639 (Mobile) | **Email address:** lakshmisureshan@gmail.com | **LinkedIn:** <https://www.linkedin.com/in/lakshmi-sureshan-83246531/> | **-:** UAE | **Address:** Dubai, United Arab Emirates (Home)

● ABOUT ME

A committed and analytical Software Developer with extensive experience across the full software development lifecycle. Proven ability to translate complex requirements into efficient, scalable solutions using technologies such as ASP.NET Core (C#), Angular 18, React.js, and SQL Server.

● WORK EXPERIENCE

 **ACE CRANES SYSTEMS LLC – SHARJAH, UNITED ARAB EMIRATES**
SOFTWARE DEVELOPER – 2017 – CURRENT

Key Projects

Inventory Management System

- Engineered a high-performance inventory management platform using **Angular** (front end) and **ASP.NET Core (C#)** (backend).
- Streamlined the entire **material lifecycle** and enhanced **operational visibility**.
- Implemented **real-time stock monitoring** and **material aging reports**, enabling proactive inventory management and reducing material waste.
- Developed a **comprehensive audit trail**, minimizing discrepancies and improving financial reporting accuracy.
- Delivered **on-demand inventory insights** for data-driven management decisions, optimizing resource utilization and driving cost savings.
- Led a **legacy system re-platforming** initiative, migrating the backend from **VB.NET/ASP.NET Framework** to **.NET Core** and the front end from **Web Forms** to **Angular**.
- Engineered a **RESTful API layer** in .NET Core that reduced API response times and improved scalability.
- Built a **responsive and intuitive UI** with Angular, enabling **real-time data visualization**.
- Migrated **legacy ERP modules** into **Angular standalone components**, improving maintainability and performance.

Time Sheet Management System

- Designed and implemented a **robust timesheet solution** to automate employee attendance processing from raw punching data.
- Developed **algorithms for accurate regular and overtime hour calculation**, ensuring compliance with company policies.
- Improved **payroll accuracy** and reduced manual processing effort.

Document Management System

- Spearheaded the development of a **document management platform** with **version control** and **role-based access control**.
- Streamlined **document workflows** and improved **data integrity** for the Quality Department.

Sales & Enquiry Management System

- Designed and implemented a **comprehensive sales management suite** covering the entire sales lifecycle — from enquiries and quotations to order confirmations, invoicing, and reporting.
- Built using **ASP.NET Core (C#)** and **React.js**, integrating modern UI and high-performance backend APIs.
- Streamlined **lead-to-order conversion** and improved **sales tracking efficiency**.

 **HIRA COMPUTER SOLUTIONS – SHARJAH**
SOFTWARE ENGINEER – 2016 – 2017

- School Management & HR Modules:** Designed and implemented a comprehensive Student Information System (SIS) and an HR module. Features included student attendance tracking, a leave management system, and automated payroll processing.

 **SUNSHINE GENERAL TRADING LLC – DUBAI, UNITED ARAB EMIRATES**

APPLICATION DEVELOPER – 2014 – 2015

• **Supply Chain Management System:** Engineered and executed a Supply Chain Management System (**Windows Forms Application in VB.NET**) for an FMCG company. Automated key processes like demand note creation and RFQ generation, significantly boosting efficiency.

 **Q RENAISSANCE QUALITY CONSULTANTS** – DUBAI, UNITED ARAB EMIRATES

SOFTWARE ENGINEER – 2013 – 2014

Spearheaded in-house ERP enhancement, focusing on Sales and Purchase modules, utilizing PostgreSQL within the Adempire.

● **EDUCATION AND TRAINING**

2010 – 2012 Kottayam, India
MASTER OF TECHNOLOGY Mahatma Gandhi University

Field of study Computer Science and Engineering

2005 – 2009 KOTTAYAM
BACHELOR OF TECHNOLOGY Mahatma Gandhi University

Field of study Computer Science and Engineering

● **HONOURS AND AWARDS**

Certifications – Microsoft

Microsoft Azure Fundamentals (AZ-900)

● **SKILLS**

c# | vb.net | MS SQL Server | Angular | React.js | AWS | Azure
